### Search Notes

#### Protein Sequence Searches – February 2005

All of the sequence databases on ABSS have recently been updated.

- Please note that the curators of the UniProt database have purged some temporary accession numbers from the most recent version of UniProt. These sequences have been assigned new permanent accession numbers. The new UniProt record may not contain the previous temporary accession number.
- If you encounter an accession number from an older search run against UniProt (results file extension .rup) that can no longer be found in the database, the permanent record with the new accession number can be found by searching the old accession number in the UniProt Protein Archive database (uniPARC) at:

<http://www.pir.uniprot.org/database/archive.shtml>

If you have any questions regarding this information or your results, please contact any STIC searcher.

To: STIC-Biotech/ChemLib  
Subject: 10/031,014 sequence search

Sequence search - 2 month amendment .  
App. #: 10/031,014  
Result format: Paper.  
Title: Melanin concentrating hormone etc.

Please search:

Search commercial and interference databases.

SEQ ID NO:4, 6, and 8 (all proteins)

Top 40 hits.

Thanks,

Mike
